

I am writing to tell you that K-Love is a very important part of our community. It is listened to by many. It is a family station. They provide the news, weather, upcoming events and the best music to listen to. My children have listened to K-Love since they first came on the air and that is all they listen to. It has values and morals. They have christian ethics that no other station can give to this community. Many people are already disappointed because K-Love has been off the air waiting for them to get another location. We have missed our station. We have come to know each of the D.J.'s as if they were a part of our community. There are so many of us that contribute to this station. We give money faithfully every month to keep K-Love on the air. To rid us of "our" station is to rob us. This is not just "some other" station that wont be missed. K-Love is wanted and appreciated. They give messages of hope and encouragement, like their slogan says, in all of its honesty, to the thousands and thousands of people that listen everyday. K-Love can not be taken off the air. It is to great a ministry to just let go like it is nothing. In the world today of politics and ruin; in the world of hate and greed; in the world of hopelessness and despair; we need K-Love. K-Love brings to us messages of peace, rest, and hope. Please, do not take our station away from its people.
